

## Thank you for your interest in becoming a Fundraiser Volunteer!

Here is a little more information to give you a clear understanding of the role and us:

### Who Are Norwich Mind?

We are one of the leading mental health charities working here in Norfolk. Our main role is to reduce the stigma associated with mental health, promote wellness and recovery and support those experiencing mental health problems. We also provide support for those who are in a caring or supporting role. We cover central Norfolk and have over 150 volunteers and staff all working to help people. As charity we rely heavily on donations to continue this work and we cannot thank our fundraisers enough!

### What do our fundraising volunteers do?

The creativity and enthusiasm of our fundraising volunteers is essential to the success of our fundraising team and we want to make sure the role is flexible enough to support anyone who wants to get involved at whatever level. There are a few ways our fundraising volunteers have worked in the past including:

- Going along to organisations, events and activities to promote what Norwich Mind does
- Sharing their own experiences of recovery and mental health to help raise awareness and reduce stigma around mental health
- Setting up and hosting their own events to raise money for us

### Training and Support

We want to make sure you get the most out of the role so we will start out by orientating you to the organisation and how your hard efforts will help others. Depending on the how you want to volunteer we will train you in how to share your story, how to draw on the team of volunteers we already have and a little bit about professional boundaries. There will also be the potential to have further training and take a lead role if you'd like.

This role is particularly rewarding and fun and we are here to help you get the most out raising awareness of mental health and helping your local community.
