

RACHEL KERR

Integrative Counsellor

BSc (Hons) MBACP

What is Counselling?

Counselling offers a space in which to reflect on your experience – in whatever form that presents. It is a chance for you to talk and be deeply listened to, and to explore what comes up with a sense of curiosity and compassion.

As an Integrative Counsellor I draw upon a range of skills and experience to support you with the challenges that surface, working with you towards greater understanding and paving the way for new possibilities to emerge.

£40 per 50 min session.
